

Team Turkey – Urfa Ministry Report

An Open Door for the Gospel

The team reports that their time in Urfa, a city of 800,000 residents without a single Christian church, has produced many opportunities to share a Gospel witness . *“Over and over again we realized the Lord had gone before us and prepared the way.*

- *One mother walked up to some of our team members and insisted they come to their home.*
- *A need for toothpaste led us to a shop where the Muslim owner had recently received a copy of the New Testament from from his Muslim brother.*

God had once again paved the way for us to proclaim the gospel.”
