

# News from Steve & Sherree Francis

Happy New Year (belatedly!) from Chiang Mai – we wanted to send a quick update now that we're back here.

**A few excerpts from letter:** [\(Click here to read entire letter\)](#)

*Thankfully Sherree's Mum is doing a lot better, such that we feel it's appropriate to now start searching for nursing/ministry opportunities around the SIM world.*

*We have 1 or 2 very initial ideas at this stage, but will need to put lots more flesh on those ideas as we discuss with SIM-UK and others. We will keep you updated as we have news to share, but **please pray most of all that God would guide us (and those advising us) clearly in the coming months.***

***Please also pray for us catching up with our work** now that we're back. February is a busy month with many of our China teammates in town for conferences, etc. We always enjoy catching up with them while they're here. We also have a couple of supporters from UK visiting us for 2 weeks in February.....and then in March there is a big international SIM conference with 150+ people in town. We're not involved in the day-to-day running of the meetings, but it will inevitably result in some extra responsibilities.*

Thank you again for your prayers for us. **Please pray for wisdom** as we start looking ahead to our next placement/country, and all the changes that will entail.

God bless you all,

Steve and Sherree
